SECTIONAL ENTRY VIA COMPUTER

Since the 2001 EasyWare EasyEntry computer program now provides the capability of printing your entries in a spreadsheet/grid format which emulates the official OHSAA entry form, we have received approval from the state to use this printout as the official form. This printout will provide you with a better means of proof-reading your data entry, save time, effort, duplication and the chance of clerical error between forms.

Please do the following in order to use this as your means of entry:

Go to the web site (www.swimmeet.com) and access the sectional information.

Following the instructions, download the entry program (this is specific for sectionals). Follow instructions regarding date entry.

The OHSAA entry form is available on the web for use as a worksheet.

Upon completion of data entry, print the spreadsheet/grid (Select the desired option in the "Grid" section of the "Print" window, and then hit "Print").

A Hy-tek print-out IS NOT acceptable in lieu of the official entry form.

Your entry disc is to be brought to the sectional meeting on Feb. 1, along with your printout which you are to sign.

Additionally, since the computer printout does not include demographic information, you are to download the checklist, complete and attach to your spreadsheet.

Thus the entry submission is accomplished by providing an EasyEntry spreadsheet printout plus an EasyEntry file on diskette.

OR

The entry submission is accomplished by providing an official OHSAA event entry form plus a Hytek file on diskette and a completed checklist.
